Adjutant General's Office.

Washington, D. C., [illegible], 1863.

Sir:

In reply to your letter requesting a Descriptive List of [illegible] Company [illegible] Volunteers, I have the honor to furnish the following [illegible] which gives the name of the Officer whose Company Commander is in possession of the necessary data, and is the proper source from which it is only "partial."

NAME, RANK AND REGIMENT, DESCRIPTION, &c.

[illegible] in Company [illegible] Volunteers, is [illegible] Regiment of [illegible]

years of age; but no further descriptions can be obtained from the files of this Office.

He was enrolled on the 21st day of July, 1861,

at the town of [illegible] in the State of [illegible]

by Capt. [illegible], and mustered into the service of the United

States on the 8th day of Oct, 1861, at the

town of [illegible] in the State of [illegible]

by [illegible], to serve for the period of 3 years,

or "during the war."

ACCOUNT OF PAY

It is stated on the Muster Rolls of his Company for the months of

[illegible] that he was last paid by Paymaster

[illegible] to the 31 day of

Dec 1863

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing; it must be obtained, if obtained at all, from his Company Commander.

REMARKS.

He is now reported absent with leave since

Aug 22 1864

I am, very respectfully,

Your obedient servant,

[signature]

Assistant Adjutant General.

This "Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a descriptive list from his company commander, and, having been used by the proper officer to make out the soldier's final statements, should be endorsed with a statement to that effect by this officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. This list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that this list is incomplete or "partial."

Capt. respectfully returned to Brig. Genl. Mitchell Comdg at Nashville, and respectfully inviting his attention to Genl. Ord. 2 & 3. of Genl. Order from War Department No. 36 of April 7th 1862. Genl. Paine being the military commander at Gallatin has the authority to discharge all men by the order referred to above, and has, since being assigned to that command, already discharged about 1700 men. If we are instructed you to take objection (and very justly too) to the unfinished condition of the men then delivered into the hands of Coleman; but Genl. Paine in his endorsement, states they can go to him without his directing it. If it was for the mutual benefit of the Comdg Genl that the men were referred to their Boards, they can with propriety, do so, as soon as the members of the Boards can be summoned and Genl. Paine will find that endorsement on this record.

Sir,

On several occasions I had permitted men who were to be discharged to go to Nashville, and once or twice to other head-quarters to obtain their final statements

This man's papers were signed before we knew about his description roll. The papers were placed in the adjutant Gen's Office, and permission to go and get his papers and return with-out my knowledge. The Clerk in the office handed him the discharge, and it was a matter of more surprise to me than any other person to learn that he had taken his discharge with him. It was an accident that will not occur again

When a *probable* case for pension, *special care* must be taken to state the *degree* of disability—as ½, ¼, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1240 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to the division commander, or, if the troops are not attached to such, to the corps, department, or other commander in which or to whom the authority to discharge entrusted may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the proper channel to the regimental post or detachment, commander, when, if the discharge is granted, the [illegible] will sign the muster-out roll and [illegible] the papers, and [illegible] with the [illegible] Inspector-General, and forward [illegible] Adjutant-General [illegible] Act of [illegible] 1861. I appreciate the motives set forth by Col Scott He is an excellent officer in some respects and an estimable gentleman thoroughly loyal but entirely deficient as a tactician, the Lieut Col (McKee) combines all Col Scotts good qualities and is a much better officer, I therefore recommend the acceptance of this resignation for the benefit of the service

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1230 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will there fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment, commander, who will, if the discharge is approved by the competent of the proper authority, sign the soldier's discharge and the certificate on this paper, see that the soldier is furnished with the proper final statements in duplicate, and forward part of these papers without delay to the Adjutant General's Office, Bureau Army of Washington, D. C., they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special* care must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1050 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to whom they are required to be sent, will be returned through the same channels to the regimental, post or detachment commander, who will, if the discharge is authorized by the competent military authority, sign the soldier's name on each of the certificates on this paper, and date the soldier a furlough with the printed form on the certificate, and forward them by mail to the Assistant Adjutant General, Military Division, or Department, to the Adjutant General, United States Army, at Washington. If C. they will not under any circumstances be given into the hands of the soldier.

Note 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Note 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1230 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in *duplicate* by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander, or, if the troops are not attached to a division, to the corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment, commander, who will, if the discharge is authorized by the competent authority, sign the accompanying enlistment and the last certificate on the papers, see that the soldier is informed with the proper final statements as to pay, etc., and forward papers of three enlisted men direct to the Assistant General United States Army at Washington, D. C.; they will not under any circumstances be given to the enlisted men.

Extract from Act of Congress.

SEC. 12. *And be it further enacted*, That the fees of agents and attorneys for making out and causing to be executed the papers necessary to establish a claim for a pension, bounty, and other allowance before the Pension Office, under this act, shall not exceed the following rates: For making out and causing to be duly executed a declaration by the applicant, with the necessary affidavits, and forwarding the same to the Pension Office, with the requisite correspondence, ten dollars; which sum shall be received by such agent or attorney in full for all services in obtaining such pension, and shall not be demanded or received, in whole or in part, until such pension shall be obtained; and the sixth and seventh sections of an act entitled "An act to grant pensions," approved July [fourteenth,] eighteen hundred and sixty-two, are hereby repealed.

SEC. 13. *And be it further enacted*, That any agent or attorney who shall, directly or indirectly, demand or receive any greater compensation for his services under this act than is prescribed in the preceding section of this act, or who shall contract or agree to prosecute any claim for a pension, bounty, or other allowance under this act, on the condition that he shall receive a per centum upon any portion of the amount of such claim, or who shall wrongfully withhold from a pensioner or other claimant the whole or any part of the pension or claim allowed and due to such pensioner or claimant, shall be deemed guilty of a high misdemeanor, and, upon conviction thereof, shall, for every such offense, be fined not exceeding three hundred dollars, or imprisoned at hard labor not exceeding two years, or both, according to the circumstances and aggravations of the offense.

Approved July 4, 1864.

NOTE 10.—If any soldier is charged a higher fee than that allowed by [illegible] he should report the fact and the name of the agent to the Adjutant General, in order that steps may be taken to have the matter investigated.

FINAL STATEMENT

A. 170,[illegible] 1863

OF

Geo. W. Sullivan Pvt. Co. D

5th Reg't of N. York Vol

Died

VOLUNTEERS.

Enlisted on the 11 day of July 20 1863.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged without being mustered out. (Final Statements are never given to men mustered out of service,) that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commissioned officer commanding the company will certify to the act of the delivery of the duplicate certificates, with these certificates the Soldier is "entitled to" his *discharge*, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster, the latter only retaining as his vouchers the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and add to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive roll, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to that effect by such Officer. The endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on the final statements, the clothing account, and whether charged against him or in his favor, so as to complete a transcript of the account. It will then be transmitted to the Commissary General of the Army, who will enter all the data necessary on a descriptive account of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the proper receipts may pay or allowances that may be due him at the time of his discharge, and which may not appear on the last final statements from the fact that the Quartermaster is incomplete. Items accounts for back pay, &c., are settled by the 1st Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other Government property, should appear under the heading of "Other charges."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Laundress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be received from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be dealt with, as final statements, as opposite, to the Adjutant General, Washington, D. C.

NOTE 9.—If the soldier is a drafted man or substitute, the words [illegible] are substituted, adding opposite what his bounty is supposed to be, [illegible] If the Soldier is a "substitute," [illegible] a [illegible] of the Soldier for whom they are drafted, he should [illegible] unless married [illegible] of the U. NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, special care must be taken to state the *degree* of disability—as ½, ⅓, &c., &c; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, 1861. 1st.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced: and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to whom they are required to be sent, will be returned through the same channel to the regimental, post, or detachment, commander, who will, if the discharge is approved by the authority invested the proper authority, sign the enlistment and discharge certificate on the papers, and the soldier is furnished with the proper final statements to duplicate, and forward both of these certificates direct to the Adjutant General (General United States Army, at Washington, D. C.), they will not under any circumstances be given into the hands of the soldier.

VOLUNTEERS.

Company "K" Sept 20 63

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged without being mustered out. (Final Statements are never given to men mustered out of service,) that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commissioned officer commanding the company will certify to the act of the delivery of the duplicate certificates, with these certificates the Soldier is "entitled to" his discharge and showed also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster, the latter only retaining as his vouchers the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements and enclosed with a statement to this effect by the officer. The enlistment should exhibit a full statement of the time for which the Soldier was allowed pay on the last muster, the clothing account, and account charges against him, or in such terms as to comprise a complete settlement of the account. It will then be transmitted to the Commissary Department of the Soldier, who will receive all the data necessary for the adjustment of the Soldier's account on the muster roll upon which the Soldier's discharge is requested. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the former receipts any pay or allowances that may be due him at the time of his discharge, and which may not appear on his last final statement from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 1st Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the [illegible] COMPARED WITH [illegible] to be entered on the muster roll on which the discharge draws dependent, &c., is reported, as well as on the final statement, [illegible] cannot be collected from the United States. [illegible]

NOTE 7.—This blank will be used for deserted volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service his descriptive list of the regiment to which he belongs, should be sent with the final statements to deceased, to the Adjutant General, Washington, D. C.

NOTE 9.—If the soldier is a drafted man or substitute, the words for three days of recruit, should substitute what the [illegible] [illegible] case may be. If the soldier is a "substitute" the [illegible] [illegible] as a recruit for [illegible] the term [illegible] [illegible] the words mustered into the service of the U. S. Sir.

I have the honor to enclose herewith the Certificate of the Medical Board of this Post, approved by the Medical Director, and hereby tender my resignation of the office of Colonel of 3rd Regiment Ky. Infantry.

I do this; not that I want to quit the Service, but from a sense of justice to myself, my Country, and I believe, the good of the service. I have been afflicted with my disease for the past six months, and am now suffering so much, that I am unable to return to my Command, and feel that instead of getting better, it is gradually growing worse, and I fear that further exposure, either in Camp, or elsewhere will ruin my health and totally disqualify me for any of the duties of life. I regret this step more than language can express. I was one of the first men in my State to enter the Service, and I feel that when I do quit it, I shall take with me the Consolation of having endeavored to do my duty, and my whole duty. —

My earnest wish and desire was, to have remained in the Service until the Complete and utter over-throw of all Rebeldom. and nothing but stern necessity, would prompt me to take this step. I am now, as ever, an Unconditional Union man, and in my retirement

shall labour assiduously for the maintenance of the Union, and the success of the Federal Arms.

I have no Government property in my possession. I am in nowise indebted to the government, I have never been absent from my Command without proper authority. There are no Charges against me, of any Kind, which can effect my pay. I have the difference of pay (yet due me.) between the office of Major & Lieutenant Colonel from the 7th October 1862 to 31st December 1862. And that I was last paid by Major Camp to include 28th Feby 1863.

I am Sir Respectfully

Sir.

I have the honor to report that I have had no opportunity of reporting to you regularly for the reason that there has been no Mails here for some time on account of the late Rebel raid in this section of Ky. which has also prevented me from prosecuting any work in getting up our absentees. I had to beat a hasty retreat from this place some days since on account of the Rebels and came very near being Captured at Nicholasville Ky. but fortunately I got through safely to Frankfort, from which place I reported the facts to you by letter, I have got every thing in readiness to have done to get up all my men who are able to join the Regiment. and would have done so before this but for the raid, as the men necessarily had to hide & scatter themselves, to escape Capture, Several have been taken & paroled. & I have ordered them to Camp Lew Wallace. I have been as instructions as it was possible under

the circumstances surrounding me, and I respectfully beg that my time be extended in order that I may accomplish the object of my trip to Kentucky. I made a trip to Louisville some time since & got matters in working order there, the result of which is that I succeeded in getting the Authorities at the Barracks &c to fit out a large number of men & officers & I am happy to say that about 400 Men & Officers have been forwarded to their Commands in the Department of the Cumberland.

My Men are scattered over five or six Counties and in some instances it will be necessary for me to have the aid of some Cavalry to have them brought up. Col Wolford will afford me every assistance of that kind I may require.

Will you please give me an order extending the time allowed me. & I shall I think be enabled to accomplish fully the object of my trip. I will have to send this to Louisville & Lexington to Mail.

Louisville Ky 2nd April 1863.

Brig Gen J. A. Garfield
A. A. G. of Chief of Staff

Sir.

I have the honor to report that I have up to this time sent forward all the men absent from my Regiment of the Regiments belonging to Army of the Cumberland I could find. I have nearly cleaned out the Barracks here of every man able for duty. I have had a bad chance to get up my men on account of the Rebels running in on one. the Counties in which the Rebels have mostly been. I could therefore do nothing while they were in the State. I have quite a number of men sick, that are not Deserters I have had no such intention, that I can get up, and it would be injustice to them to have them arrested as such because they have had no opportunity to get out of the County on account of being surrounded with Rebel Guerillas. the Rebels are now being run out & are recrossing Cumberland River & I am satisfied I can soon get them up. I have not been idle except for the past four or five days. during which time I have been suffering

with Chronic Inflamation of the Bladder. I trust under this state of things that a little additional time will be granted me to get up the men. I had the promise of some Cavalry to assist me in the Counties of Lincoln & Pulaski but I could get no assistance whatever, so that I have done has been solely by myself. My Regiment is, I am happy to say, gaining from Absentees daily. I am sending them forward as rapidly as possible. It was with great difficulty I could get the last Squad forwarded on account of the numerous enlistments in the Mississippi Marine Brigade, they came near taking my men as Conscripts, but I succeeded in getting them forward and they are, ere this, with the Regiment. I will leave for Lawrence & adjoining Counties tomorrow, will forward a detachment from here to Nashville tomorrow morning. I hope you will grant me the time asked for. I am not well enough to go into the field but can do good service getting up my men here, indeed I fear I will never be able for active service again. I have had several severe attacks of Hemorrhage from my Bladder since I left Murfreesboro.

I am Respectfully
Your Obt Servt

Col C. Goddard
A. A. G. & Chief Staff

Sir.

In accordance with Special Field Order No 42 I started from Murfreesboro to Lancaster Ky where I arrived Saturday 21st inst. I had not been in the town exceeding an hour when I was forced to leave: a party of Rebel Cavalry from the direction of Somerset Ky came in, and had I have waited half an hour longer I should have been Captured. I remained one day in Louisville getting up such of the absentees of my Regt as I could find who were able for duty. I have just learned that several of my men were taken up at Louisville en route for their Regiment and put on to a Gun Boat & in Nemitts Battery. I go to Louisville to day to look after them. I trust to succeed in getting up all of my men if the Rebels do not Capture them before they can get out of their reach. Owing to the recent raid in Ky it will be wholly out of power to

to proceed fully in getting up our men until my time be extended. I therefore respectfully ask an extension of time to enable me to accomplish this desirable end: It would have been thus fully to make use for me to have remained at Lancaster & had myself captured, and therefore the time was absolutely necessary to be lost on account of this fact. I trust the General will grant me additional time.

I am Sir very Respectfully
Your Obd't Servt.

War Department,

Adjutant General's Office,

Washington, April 1st 1865.

Sir:

In reply to your letter requesting a Descriptive List of Joseph H. Stewart, a ____ in Company "K" 3d Regiment ____ Ky Inf. ____ Volunteers, I have the honor to furnish the following "Descriptive List," obtained from the records of this Office: which, from the want of the necessary data, (which is in the possession of the Company Commander,) is only "partial."

NAME, RANK AND REGIMENT, DESCRIPTION, &c.

Joseph H. Stewart, a Private in Company K, 3d Regiment of Ky. Volunteers, is 25 years of age; but no further "description" can be obtained from the files of this Office.

He was enrolled on the 12th day of August, 1861, at the town of Camp Dick Robinson in the State of Ky. by Lt. Nelson, and mustered into the service of the United States on the 3d day of October, 1861, at the town of Camp Dick Robinson in the State of Ky. by Brig. Genl. Thomas, to serve for the period of 3 years, or "during the war."

ACCOUNT OF PAY.

It is stated on the Muster Rolls of his Company ~~for the months of~~ Oct. Nov. Dec. 1864 that he was last paid by Paymaster Maj. Henry to the 31st day of Dec, 1863.

ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing; it must be obtained, if obtained at all, from his Company Commander.

REMARKS.

Oct. Nov. Dec. 1864 will be reported "Absent Wounded in Hospl. since June 31st 1864."

Very respectfully,
Your obedient servant,

E. D. Townsend

Assistant Adjutant General.

"Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a descriptive list from his company commander, and, having been used by the proper officer to make out the soldier's final statements, should be endorsed with a statement to that effect by this officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. This list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that this list is incomplete or "partial."

This soldier has blue eyes, black hair, dark complexion, is Five feet Six inches high.

NOTATION.

Book mark: 2376-C-1886.

War Department.

Adjutant General's Office.

Washington, June 30th, 1887.

This man deserted on or about October 15 , 1862, and returned on or about April 7th, 1863.

As he was subsequently restored to duty by Competent authority without trial, but upon conditions which appear to have been complied with (so far as not waived by the Government), the charge of desertion no longer stands against him. The record of the fact that he was absent in desertion from on or about October 15th, 1862, to on or about April 7th, 1863, cannot, however, be expunged.

Note 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

Note 2.

When a *probable* case for *pension*, *special* care must be taken to state the degree of disability—as ½, ¾, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any member or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1249 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward them prepaid to the regimental department, or post commander, who will forward them, with his action endorsed thereon, through the proper channel to the district commander; or, if the troops are not attached to a district, to the corps, department, or other commander or officer in whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to whom they are required to be sent, will be transmitted through the usual channels to the regimental post or detachment commander, who will, if the discharge is accompanied by the final statement of the proper authority, deliver the certificate and the duplicate to the party, obtain the receipt prescribed, and return the receipt, with the certificate of the party who gives the receipt, to the Adjutant General's Office. [illegible] not omit any recommendations [illegible] of the soldier.

Clerk.

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for *pension*, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and becoming aware of the nature, degree, and origin of which are correctly described in the written certificate."

Par. 1262 Regulations, Edit. 1881.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ruptures, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer cognizant of the separate details to which he consents and sent by him to the surgeon who had charge of the hospital where the soldier is sick. The surgeon will examine and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will, if satisfied, with his action endorsed thereon, transmit the papers addressed to the adjutant general of the army. If the troops are not stationed in a garrison, but under the command of some officer who has not the authority to discharge enlisted men, they may be specially discharged.

These certificates, after having received the action of the highest authority to whom they are required to be submitted, will be retained through the same channel to the regimental, post or detachment commander, to whom will be given the necessary authority for the discharge of the soldier. A duplicate of the papers will be retained in the office of the adjutant general of the army. [illegible] to the Adjutant General's Office. Sir I have the honor to state to you that Andrew L. Thomas a private in Comp. A. 3d Ky. Col. L. (a new recruit) is a lad of 18 years of age and as regards age and stature has all the characteristics of incipient Phthisis Pulmonalis. I look upon him as entirely unfit for military service in any department, and should reject him from a like upon inspection, he has however been mustered into the service. Therefor I would respectfully refer him to you for such disposal as your medical judgement may dictate, he may be all he is not a soldier and should not be. You will be kind enough to send an Ambulance to take him from these Barracks. I am most respectfully your Obt. Svt.

Mustered Out

Fort Barrancas

January 31st 1864

Capt. W.H. Noble

A.A.A.G. Dept. of the Gulf.

Sir

In compliance with your Order, I have the honor to report, that the records of my Office show, that Andrew J. Thomas of Thomas St. St. Augustine was enlisted by me the 29th of February 1864 examined by Dr. W.H. Lambert Asst. Surgeon U.S.A., and was mustered into the United States Service the 4th of March 1864 by Capt. W.B. Royall 8th U.S. Inf. A.J. Thomas has not received any bounty or pay from the United States. After investigating the above case it appears that Dr. Lambert did not accept A.J. Thomas, but rejected him as unfit to perform the duties of a Soldier, but neglected to mark him so on the book at that Barracks. and Lt. L. Monsalles, Asst. Surgeon of the 13th Ind Vols did examine said Thomas and sign said his enlistment as Examining Surgeon. I went to see Andrew J. Thomas this morning in relation to his enlistment and he informs me, that he was first examined at Fort Barrancas by Dr. Lambert, and rejected, and the Early

Regt of the 5th Ky Cavalry that presented him at this Barracks
for enlistment. then took him to Louisville and had him
examined by a man that was wearing shoulder straps and he
was accepted by this man (which his enlistment papers shows)
and the Recg Regt then took him to the recruiting Office
and got him mustered into the service I have written
to ascertain the whereabouts of G. Monnette but have
not received any information.

The above facts are all that I am able
to report at present

Respectfully
your obedient Servt
L. L. Hann

NOTE 1.

The company commander will here add a statement of all the *facts* known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the *facts* are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a *probable* case for pension, *special care* must be taken to state the *degree* of disability—as ¼, ½, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the written certificate."

Par. 1290 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, hypochondria, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case allow such certificate to be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon in charge of the hospital where the soldier is sick. The surgeon will take different and with the surgeon's certificate, and forward them per mail to the respective Headquarters, or post commander, with a request that, with his opinion indorsed thereon, through the proper channel to the Adjutant General or, if the case be special, addressed to the Surgeon General, or if the case be special, addressed to the Surgeon General, or if the case be special, addressed to the Surgeon General, or

Capt. John H. Tuttle A. Q. 3rd Ky. Infty.,
having applied for a certificate on which
to ground an application for leave of
absence, I do hereby certify that I have
carefully examined this officer. And find
that having had Bilious Remittant fever
is very much reduced in strength
and flesh. So that he is barely able
to walk about. I further declare
my belief that he will not be able
to resume his duties in a less
period than fifteen days and probably
for a much longer period.
I should deem a change of residence at
least for a short period, essential to his
recovery. And trust he may be permitted
to go to his pleasant home in Ky. - only very
recently vacated by the enemy, where there
are comforts to restore him.

Sir.

I would most respectfully ask leave of absence for four (4) days to visit Chattanooga to purchase a suit of clothes. During this long and arduous campaign my clothes have become so ragged and dirty that even a moderate regard for decency requires I should by some means replenish my wardrobe. Besides from a fractured thigh bone one of my legs is about two inches shorter than the other and is very weak and unless I can obtain a thick cork soled shoe or boot it will be impossible for me to endure the fatigue of getting about in discharge of my duties a great deal longer. I am Sir

I. I. cheerfully certify that the shortening and feebleness of Capt Turners thigh above referred to are such as to incapacitate him for active duty, and the use of the artificial help he wishes to obtain in Chattanooga is quite essential.

I further declare my belief that he will not be able to resume his duties in a less period than twenty days.
